REMARKS

The September 19, 2008, Office action required election of a single invention for further prosecution. To expedite prosecution of this case, Applicants elect, without traverse, the invention of claims 1-18, drawn to a drive circuit for an injector arrangement having at least one injector, for prosecution on the merits. Accordingly, Applicant withdraws claims 19-29. Also, to improve grammatical form and comply with standards of US patent practice, Applicant amends claims amend claims 1-24 and 26-28. No new matter is added. Consideration of the claims on the merits is respectfully requested. Early and favorable action is further requested.

Should the Examiner wish to discuss any of the above in greater detail or deem that further amendments should be made to improve the form of the claims, the Examiner is invited to contact the undersigned at the Examiner's convenience.

Please charge any necessary fees, including any extension of time, or any other fee deficiencies to Delphi Technologies, Inc., Deposit Account No. 50-0831.

Respectfully submitted,
